STATE INSPECTOR SUPERVISING PLUGGING

AFFIDAVIT

STATE OF WEST VIRGINIA, ss:
 County of Gilmer

Mike Underwood and Gene Stalnak
 being first duly sworn according to law depose and say that they are experienced in the
 work of plugging and filling oil and gas wells and were employed by Gene Stalnak Inc.
Gene Stalnak Inc., well operator, and participated in the work of plugging and fill-
 ing the above well, that said work was commenced on the 17th day of October,
19 88, and that the well was plugged and filled in the following manner:

Sand or Zone Record Formation	Filling Material	Plugs Used Size & Kind	Casing
This well was put on bid as having 2" tubing in hole and 7" in hole. After removing well head we find no pipe in hole so we had to clean out hole and run 180' of 8 5/8" to hold hole until we find where TD of this hole will be. Set down on wire line and steel at 355'. Just stop there. Cement from there to surface with 200 sks. Looks to be below all water wells and coal in this site.		CSG PULLED LEFT IN	
Remove 8 5/8 as cementing.
