STATE OF WEST VIRGINIA,

COUNTY OF GALLOUN

SS:

A. J. Rine

and

H. W. Hought

being first duly sworn according to law depose and say that they are experienced in the work of plugging

and filling oil and gas wells and were employed by Hope Natural Gas Company, well operator, and participated in the work of plugging and filling the above well, that said work was commenced on the

24th day of September, 1907, and that the well was plugged and filled in the following manner:

Manner in which sand was plugged: Filled with red clay from total depth to depth of 2000', then run 6-3/8" M. & F. Wood plug, then filled with Red Clay to 2000', then run 6-3/8" Mandrel lead plug 2000 to 2007', then filled solid to bottom of 6-3/8" casing which was set at 1985', then started pulling 6-3/8" casing, filling hole up with red clay as casing was being pulled, to a depth of 1810', then run cement plug 1800' to 1810', then continued to pull 6-3/8" casing, and after pulling about 500' the casing parted, leaving 697' of 6-3/8" casing in the hole. We then continued to pull 6-3/8" casing, and as there was no other casing in the hole it had caved in to a depth of 610'.

We cleaned out 20 to 25 feet and then lost 7" x 25' bailer in hole, and after fishing for the days of 27 without success, left bailer in hole and run cement plug 610 to 600', then continued filling to 217' with Clay, then made permanent stone fill to 167', then drove 16" seasoned wood plug at 167' to 161', then filled hole solid with clay to surface.

Description of monument: Erected 8" x 8" x 8' concrete monument.

(THE ABOVE DESCRIPTION MUST BE IN DETAIL AND IN ACCORDANCE WITH THE PROVISIONS OF SECTION 10, ARTICLE 4, CHAPTER 22 OF THE CODE)

and that the work of plugging and filling said well was completed on the 4th day of November,

And further deponents saith not.
