Monument description for the D. Hazlett 1 Orphan Well (API: 47-051-00677)

Two permanent monuments giving directions to well location on either side of new drillpad. Temporary monument is attached above well position; will be moved off pad while drilling campaign is ongoing. Permanent, cement-filled monument to be deployed above wellhead when drilling campaign on pad is completed. 6" diameter monument, will be 5 feet above grade and capped at 10 feet below grade once the grading project is completed
