Re: Appalachian Power Company (dba AEP) Mountaineer Plant  
Well Closure Forms: WR-38, WR-34, WW-72  
API # 47-053-00489 (MW-1) and API# 47-053-00490 (MW-2)

In accordance with West Virginia Code, Section 22-6-23, the enclosed affidavits, Form WR-38, are submitted to the WV Department of Environmental Protection, Office of Oil and Gas, to confirm the plugging and filling of Well # API 47-053-00489 (MW-1) and Well # API 47-053-00490 (MW-2). Signed affidavits from both Caitlin (McNeil) Holley and James Holley, two experienced persons who participated in the work, are provided. The well plugging was completed on June 1, 2017, in the manner described in the affidavits.

In addition to the WR-38's, completed WR-34's are provided (enclosed). The brine transportation logs associated with the form WR-34 are also included.

Reclamation Notices, Form WW-72, are also provided for the well sites, noting that reclamation has been completed.

The original signed affidavits, as well as original WR-34 and WW-72 forms, are enclosed with this letter and copies will be retained by the Appalachian Power Company (well operator). No copies will be provided to any coal operators, as there are no coal interests with declaration for the site. The associated plugging summary table, daily summary reports, and cement job reports will be provided in a site closure report.

Please contact me at 614-716-1255 or at [twlohner@aep.com](mailto:twlohner@aep.com) if you have any questions regarding the affidavit.

Sincerely,

Timothy W. Lohner, Ph.D.
