| <p>I have no record of this well only from Mr. W. O. Jucas who worked on well No. 2 He having an interest in the wells when they were drilled in 1914 He told me their was 120 feet of 10" and 825' of 8-1/4" in well No. 1 and the depth was 1670' According to the elevation, the top of the Big Lime should be 1693' so I am using it as total depth Hopang this meets with your approval</p> | | | | | | | |
