GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated June 17, 1942, made by Sarah E. Schrecengost & Husband, to The Chartiers Oil Company, and recorded on the 10th day of July 1942, in the office of the County Clerk for said County in Book 30, page 162.

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address _____ day _____ before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours, The Chartiers Oil Company

Operator

The undersigned well operator is entitled to drill upon the above named tract or tract of land for

oil and gas having for this purpose, (or as the case may be) under grant or lease dated

June 17, 1942, made by Charles E. Schenckel of Martinsburg

to the Charles E. Schenckel Oil Company, and recorded on the 10th day

of July 1942, in the office of the County Clerk for said County in

Book 30 page 132

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the tract and in the Mineral District and County above named, described by survey and courses and distances from two permanent points on land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath and within or near of land on which said well is located, or within 500 feet of the bounds of the tract, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by the Department of Mines within four days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines free of charge and that all such objections must be filed as provided as is hereinbefore stated. The ground on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next business day to be considered only in Department's cases.)

Copy of this notice and the enclosed plat were mailed by registered mail or delivered to the above named coal operators or coal owners at their above shown respective addresses, _____ days before _____ on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Dear Mr. Ewing:

We have two tracings for the Chartiers Oil Company of two well locations in Wayne County. Both of the locations are shown on the map to be in the Louisa Quadrangle and give the Longitude as 82 deg. 25 min. According to the topo maps, Longitude 82 deg. 25 min., is in the Wayne Quadrangle which would also place the wells in Union instead of Butler District.

Will you please check this item again and advise us?

Very truly yours,

C.M.H.
Administrative Assistant

MG:g.

Both Locations are in Wayne Quadrangle, Butler, District, No. 2 is very close the line. My mistake was made because other wells on same farms are in Louisa Quadrangle.
