GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated March 31st, 1920, made by E. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address.....day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Attorney at Law
Fairmont, W. Va.

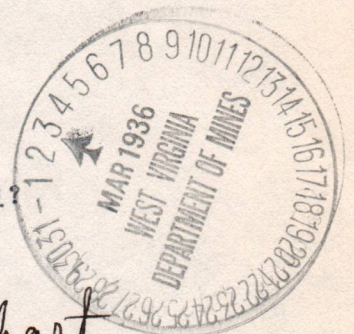

Dear Sir:

Please give us the address of the owner of the mineral rights underlying the E. F. Hoffman Farm, Church District, Wetzel County on which you propose to drill Well No. 2.

May we have this information by return mail?

Very truly yours,

N. P. Rhinehart
Chief of Department of Mines

Dear Sir:

Answering the above, I presume you mean the owners of the oil and gas underlying said farm. Of course the Maxton Oil and Gas Co. owns and holds the leasehold rights under the lease for oil and gas purposes, ~~mentioned~~ mentioned in the application. The royalty oil and gas is owned by the heirs of E. F. Hoffman. The only one of the heirs I know is Mr. Hervey Hoffman who lives in Wheeling, W. Va., and I think he is Admr. of the estate. Both Mr. and Mrs. Hoffman died several years ago. I do not know his street address, but he is an old B. & O. employee.

I did not try to include the owners of the oil and gas in the application forwarded to you, because I could conceive of no necessity for notifying them. The lease we hold on the premises is a valid subsisting lease giving us full drilling rights, with the owners' royalty interest fully set out and protected. Hence I could not see any reason for notice to them. However it may be your rule is different, and if there is further information required, kindly let me know and I will assist in any way possible.

Very truly yours,

Scott C. Lowe
