COMPLETE ADDRESS

October 31st, 1936

PROPOSED LOCATION

Church District

Wetzel County

Well No. 1 - 787

George Sole Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated.....

August 21st, 1936

made by G. W. Sole, widower, to

Union Gasoline & Oil Corporation

and recorded on the 1st day

of October, 1936, in the office of the County Clerk for said County in

Book 31-A, page 272

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address this..... day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours, UNION GASOLINE & OIL CORPORATION,

J. Halladay Supt. WELL OPERATOR

Bureau of Mines,
Oil and Gas Section,
Charleston, West Virginia,

Dear Sirs;

Attached please find Notice of Proposed Location of Oil and Gas Well, in duplicate, on the George Soles farm in Church District, Wetzel County, West Virginia. We have also attached a tracing showing the location of the well on the farm.

We have this day also notified T.L. Regerson of Moundsville, West Virginia, owner of the coal under this tract, of our desire to drill on this farm.

Yours truly,

UNION GASOLINE & OIL CORPORATION,

J. Hallac
Superintendent.

PROPOSED MANNER OF PLUGGING AND FILLING WELL

(REQUIRED BY RULES AND REGULATIONS)

WEST VIRGINIA DEPARTMENT OF MINES

OIL AND GAS DIVISION

WORK ORDER

Well to be plugged and filled as follows:

Total depth - 3226 ✓
 Fill with clay from 3226 to 3046. Where hole is reduced. Drive swedge wood plug 3046 to 3043 ✓
 Cement 3043 to 3033. Set permanent bridge using cement at 2755. ✓
 Fill with clay from 2755 to 2695. Drive wood plug 2695 to 2692. ✓
 Cement 2692 to 2682. Sealing off 30 Ft. sand. Set bridge at 2415. ✓
 Fill with clay from 2415 to 2130. Pull 6-5/8" Casing. ✓
 Drive wood plug at 2130 to 2127. Cement from 2127 to 2117 Sealing off Big Injun sand. ✓
 Set permanent bridge at 1945. Fill with clay from 1945 to 1840. ✓
 Drive wood plug at 1840 to 1837. Cement from 1837 to 1827. Fill with clay from 1827 to 1740. ✓
 Drive wood plug above 2 nd. Salt sand at 1740 to 1737. Fill with clay from 1737 to 1612. ✓
 Drive wood plug at 1612 to 1609. Cement from 1609 to 1599. Fill with clay from 1599 to 1397. ✓
 Pull 8 1/4" Casing. Set wood plug at 1397 to 1394. Cement from 1394 to 1342. ✓
 Set bridge at 940. Set vent pipe with Morning packet at 930. ✓
 Cement from 930 to 875. Through Pittsburg coal. Fill with clay from 875 to 815. ✓
 Cement from 815 to 760. Through Mapletown coal. Fill with clay from 760 to 588. ✓
 Cement from 588 to 532. Through Waynesburg coal. Fill with clay from 532 to surface. ✓
 Erect monument as described in W.Va. plugging code. ✓
 Additional plugs will be used if nessary. ✓

All work to be done in a workman like manner.

To the Department of Mines,
Coal Owner or Operator,
Lease or Property Owner.

Gentlemen:

This "work order" is submitted for your approval and concurrence and unless notified of your disapproval or non-concurrence, the undersigned will proceed with the plugging and filling of said well in the above described manner on the date stated in the notice of intention to plug and abandon the said well on opposite side of this sheet.

Very truly yours, UNION GASOLINE AND OIL CORPORATION

J. Ballax

Well Operator. Supt.

No objections have been filed by the coal owner or coal operator, or any available adjacent lease or property owners or interposed by the Department of Mines to the manner herein described for the plugging and filling of the well above mentioned. Therefore, the same is hereby approved this 12th day

of January, 1937

DEPARTMENT OF MINES
Oil and Gas Division

09/22/2023

By:

NOTE: This "work order" must be filed in duplicate, one copy for the files of the Department of Mines and the other to be approved or corrected and returned to the well operator as his authority for plugging said well.
