GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated March 1, 1943, made by Hope Construction & Refining Co. to South Penn Natural Gas Company, and recorded on the 21st day of May, 1943, in the office of the County Clerk for said County in Book 154, page 427.

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Code, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above named coal operators or coal owners at their above shown respective address _____ day _____ before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours,

Attention:- M. E. Griffith

Gentlemen:-

An inadvertent oversight resulted in our not filing a Proposed Manner of Partially Plugging and Abandoning for well No. 23 on the Barr Tract Farm, Grant District, Wetzel County, W.Va.

On December 7, 1944 the Department of Mines approved a "Work Order and Notice of Intention to Plug and Abandon below the Fourth Sand" under Permit WET-315-P for which Verbal Permission had been previously granted. The Affidavits of Plugging and Filling for this operation are in the process of being executed and will be forwarded to you upon the receipt of same in this office.

Then it appears that it was necessary to fill the hole back to 2300 Ft. It is our understanding that Verbal Permission was granted for this operation, however, a proposed manner of Plugging was not received in this office until May 8, 1945, at which time the error in procedure was noted. Therefore, we are enclosing herewith a Notice of Intention to Partially Plug and Abandon, set out in the manner in which the operation was actually completed. Upon receipt of approval from your Department we will have the Affidavits of Plugging and Filling properly signed and executed, these in turn, will be forwarded to the proper parties.

We regret the occurrence of this situation and will appreciate your cooperation and indulgence in the adjustment of this error.

Yours very truly,
