Gentlemen:

We wish to acknowledge receipt of your application for Permit to drill well on the C. Benton Brown Farm, Clay District, Wetzel County, along with tracing showing the proposed location.

In spotting this location on the U.S.G.S. map from the given latitude and longitude it places the cross in Church district rather than Clay, so we are wondering if this isn't the wrong location.

We are returning tracing and wish you would have your engineer Mr. O. D. Nutter to check same. We would suggest that he show additional roads and streams in order that we may be certain of this location.

Very truly yours,

Engineer
