COAL OPERATOR OR COAL OWNER

Well No. 1

D. E. McClure Farm

GENTLEMEN:

The undersigned well operator is entitled to drill upon the above named farm or tract of land for oil and gas, having fee title thereto, (or as the case may be) under grant or lease dated.....

January 23, 1935, made by D. E. McClure and F. B. McClure, to

....., and recorded on the 24th day

of January, in the office of the County Clerk for said County in

Book 210, page 606

The enclosed plat was prepared by a competent engineer and shows the proposed location of a well to be drilled for oil and gas by the undersigned well operator on the farm and in the Magisterial District and County above named, determined by survey and courses and distances from two permanent points, or land marks.

The undersigned well operator is informed and believes there are no coal operators operating beds of coal beneath said farm or tract of land on which said well is located, or within 500 feet of the boundaries of the same, who have mapped their workings and filed their maps as required by law, excepting the coal operators or coal owners (if any) above named as addressees.

The above named coal operators or coal owners (if any) are notified that any objections they may desire to make to such proposed location, or which they are required to make by Section 3 of said Act, if the drilling of a well at said proposed location will cause a dangerous condition in or about their respective coal mines, must be received by, or filed with the Department of Mines within ten* days from the receipt of a copy of this notice and accompanying plat by said Department. Said coal operators are further notified that forms for use in making such objections will be furnished to them by the Department of Mines promptly on request and that all such objections must set forth as definitely as is reasonably possible the ground or grounds on which such objections are based and indicate the direction and distance the proposed location should be moved to overcome same.

(The next paragraph is to be completed only in Department's copy.)

Copies of this notice and the enclosed plat were mailed by registered mail, or delivered to the above

named coal operators or coal owners at their above shown respective address.....day.... before, or on the same day with the mailing or delivery of this copy to the Department of Mines at Charleston, West Virginia.

Very truly yours, *W. P. Vincent*

J. F. Kent, Inspector of Oil and Gas Wells,
State Department of Mines,
Charleston, West Virginia.

Dear Sir:

At the request of W. P. Vincent, I am herewith enclosing you Notice of Proposed Location of Oil and Gas Well, executed in duplicate, accompanied by a certified plat of the farm described showing the location of proposed well.

4-23-35
Mr. Vincent requests me to state that the necessary money for drilling the proposed well is now on deposit and that while he originally intended to sell the one-eighth Working Interests in said lease on the basis of \$500.00, he has in fact sold his interests on the basis of \$400.00 per one-eighth as he found that the cost of drilling the proposed well was not quite as much as he at first estimated.

I am further requested by him to state to your department that there are no coal operators operating beds of coal beneath said farm or tract of land nor are there any coal operations being carried on within a radius of probably forty miles of the proposed location of this oil and gas well.

It is hoped on this showing that a drilling permit will be issued to the operator as soon as possible.

Very truly yours,

Mr. D. F. Turner, Attorney
Fourth and Juliana
Parkersburg, W. Va.

Dear Sir:

In reply to your letter of April 22 concerning permit for Well No. 1 on the D. E. McClure Farm, Williams District, Wood County, you may advise Mr. Vincent that he may proceed with the drilling if he is positive that no objections can be raised by any interested party. As far as this Department is concerned no objections will be made as the map and application are in compliance with the law.

We cannot send the legal permit until the expiration of ten days, which will be May 3.

Very truly yours,

Chief of Department of Mines.
